PROFESSIONAL SUMMARY

Results-driven Data Annotation Lead and Integration Specialist with 4+ years of experience in AI and NLP data workflows. Experienced in API integrations, automation, and leading remote teams to deliver accurate, high-quality datasets. Skilled in quality assurance, data structuring, and optimizing processes to support scalable machine learning systems.

DIGICUST – Remote Integration Engineer

January 2026– April 2026

- Designed and implemented API integrations to automate and streamline data workflows across internal systems and external platforms.
- Collaborated with cross-functional teams to optimize data pipelines, ensuring accuracy, consistency, and real-time processing.
- Identified and resolved integration issues, improving system performance and reducing manual effort through automation.

DIGICUST – Remote Lead Data Annotation

September 2022 – December 2025

- Supervised and guided a remote annotation team, ensuring high-quality and consistent outputs.
- Labeled various document types (invoices, export declarations) following strict guidelines.
- Trained new team members and supported alignment on annotation standards.
- Collaborated with cross-functional teams to improve quality and processes.
- Contributed to QA activities, documentation, and guideline improvements.

EVEN UP LAW – Remote Data Specialist

February 2022 – September 2022

- Conducted thorough analysis of medical records to identify documentation deficiencies.
- Annotated healthcare data to support machine learning and artificial intelligence training systems.
- Ensured high levels of accuracy and attention to detail in all annotated outputs.

SCALE AI – Remote Arabic / English Data Annotator

December 2020 – February 2022

- Performed NLP-based data annotation including labeling for context, semantics, and intent.
- Created structured datasets for use in training advanced NLP models.
- Contributed to model training by providing annotated data for tasks such as prediction, speech understanding, and text generation.

EDUCATION

6th of October University, 2023

BACHELOR OF MASS COMMUNICATION

LANGUAGES

-
- Arabic: Native.
 - English: Professional Working Proficiency.
